---

Please see the attached letter from NY to all rodenticide registrants. They have decided to not register new products or apparently renew old product registrations unless they comply with the mitigation. Based on the letter, registration renewal is happening now. Did NY contact anyone know about this?

john

Hello John –

The state of NY is going to make things even more difficult!  
(see attached letter)  
Please feel free to share.

Tom Schmit
